**Satelligence** is the market leader in remote sensing technology for sustainable sourcing with the mission to halt deforestation. We provide traders, manufacturers and agribusinesses such as Mondelez, Bunge, Cargill, Unilever, Rabobank with critical sustainability insights empowering them to minimize their global environmental footprint and track their progress against climate objectives, ensuring a sustainable supply chain.

We were founded in 2016 and currently employ +40 people, working in Utrecht and several locations in Asia, Africa, and South America.

# About the job

The **Sr Product Manager** will be leading a Product Squad to deliver value directly to our customers. You'll work together with designers, engineers and our commercial teams to create functionality that has a measurable impact on our customers' business processes.

Your day will consist of talking to customers, working out user journeys with our designers and engineers, and planning the necessary work, while always keeping our vision and strategy in mind.

# What will you do?

We are looking for a **Sr Product Manager** that understands that consistent innovation is the result of each member of the Product team contributing their passion and their ideas. The Sr Product Manager must collaborate closely with the product designers and engineers to discover effective solutions and then work together to deliver those solutions to the market.

You will:

- Communicate the product vision, goals, and progress to stakeholders (developers, design, marketing).
- Ensure our solutions are both valuable and viable.
- Facilitating collaboration between teams to solve problems and optimize processes.
- Resolve conflicts and removing obstacles that could hinder team performance.

You will lead a Product Squad and will be responsible for the team performance.

# About you

We are looking for an experienced **Sr Product Manager**:

- Demonstrated understanding of the techniques and methods of modern product discovery and product delivery.
- > 5 years working as a product manager in a B2B SaaS environment.
- Demonstrated ability to learn multiple functional areas of business – engineering, design, finance, sales, or marketing.
- Demonstrated ability to figure out solutions to hard problems with many constraints, using sound judgement to assess risks, and to lay out your argument in a well-structured, data-informed, written narrative.
- Proven ability to engage with engineers, designers, and company leaders in a constructive and collaborative relationship.

# What we offer you

- 📍 Office centrally located in Utrecht city
- ☂️ 27 holidays (based on full-time employment)
- 👐 Pension scheme
- 🍷 Daily lunch and Aroma Club coffee at the office
- 🏠 Hybrid working options

Ready for the challenge? Then we would love to hear from you! Email Githa at [langeweg@satelligence.com](mailto:langeweg@satelligence.com). Enclose your portfolio, and share why you'd be the perfect fit for this position. If you don't tick all the boxes, don't worry. Apply anyway, and we will review your application!

*We kindly ask that recruitment agencies do not contact us regarding this vacancy. We are not seeking assistance from external parties at this time for this role.*
